

IEEE PES Conference on Innovative Smart Grid Technologies Europe 2010

News Letter - Issue No. 4 - July 9, 2010

<http://www.ieee-isgt-2010.eu/>

1. About the News Letter: This is the fourth issue of the news letter of the IEEE PES Conference on Innovative Smart Grid Technology Europe 2010. This issue presents the latest updates with: paper submission, review process, updated program with Closure Session and Panel Sessions. Please notice the deadline for early registration on August 31, 2010.

2. Paper Submission: The paper submission has been close. It is our pleasure to inform you that we have received almost **200 papers, from 32 countries** around the world. Thanks to all the authors who have made efforts in preparing and submitting their contributions to the conference!

3. Paper Review: The paper review process will begin very shortly. The review process will be done with the great support from the ISGT Reviewer Pool. The final decision on papers will be made available to the authors by July 31, 2010.

4. Extended Program: To make possible to accommodate the expected large number of papers, we have made rooms for more paper sessions in the program. The updated program is available at the conference website: www.ieee-isgt-2010.eu/program/

5. Closure Session: A closure session has been prepared for the conference including a key note speech by **Professor Mohammad Shahidehpour**.

Dr. Mohammad Shahidehpour is Bodine Chair Professor in the Electrical and Computer Engineering Department at Illinois Institute of Technology. He serves on the Governing Board of the IEEE Power and Energy Society as VP of Publications and is the Editor-in-Chief of the IEEE Transaction on Smart Grid. He was the Technical Program Chair of the 2010 IEEE Innovative Smart Grid Technologies Conference. Dr. Shahidehpour is the author of several books on electric power systems including a book published in 2003 on the communication and control in electric power systems. He is an IEEE Fellow.

6. Panel Sessions: A few panel sessions have been prepared for the conference. These are technical sessions to exchange experience and to discuss around an actual topic. Presentations by invited speakers are followed by a panel discussion.

INSIDE THIS ISSUE

- 1** About the News Letter
- 2** Paper Submission
- 3** Paper Review
- 4** Extended Program
- 5** Closure Session
- 6** Panel Sessions
- 7** Registration

Presentations from panel sessions will be posted on the IEEE ISGT Europe 2010 Web Site after the conference.

The panel sessions are listed below:

Panel Session (P1): “Standards for Smart Grid”

13:30-15:00, Monday, October 11, 2010

Chair: Lars Nordström, Royal Institute of Technology, Sweden

Panel Session (P2): “Cyber and Physical Security Systems and Information and Communication Technology”

13:30-15:00, Monday, October 11, 2010

Chair: Göran Ericsson, R&D Manager, Svenska Kraftnät, Sweden

Panel Session (P3): “Component Insulation and Diagnostics for Smart Grid”

13:30-15:00, Monday, October 11, 2010

Chair: Stanislaw Gubanski, Chalmers University of Technology, Sweden

Panel Session (P7): “Advanced Metering and Metrology Infrastructure for Smart Grid”

10:30-12:00, Tuesday, October 12, 2010

Chair: Anders Mannikoff, SP Technical Research Institute of Sweden

Panel Session (P8): “Power Electronics and Energy Storage in Smart Grid Environment”

10:30-12:00, Tuesday, October 12, 2010

Chair: Jan Svensson, ABB, Sweden

More information about the Panel Sessions is available at:
www.ieee-isgt-2010.eu/program/technical-program/panel-sessions/

- 7. Registration:** Registration for the conference is available from the conference Web Site at: www.ieee-isgt-2010.eu/registration
Please take the opportunity to register for the Early Bird registration rate, which is applied until *August 31, 2010*. It is also highly recommended that you book your flight and hotel in good time before the conference.

Best regards and hope to see you at the upcoming IEEE PES General Meeting!

Lina Bertling

Conference Chair

IEEE PES ISGT Europe 2010
